

HIS TOUR AT AN END.

Prince Henry Traveled Through 13 States and Logged a Total Distance of 4,358 Miles.

GREATLY PLEASED WITH HIS TRIP

His Last Day Began With a Visit to Albany and Closed With a Reception at West Point.

Mayor Gaus in Behalf of Albany and Gov. Odell For the State Met the Prince With Official Greetings.

Boston, March 7.—Prince Henry of Prussia was the guest of Boston Thursday. His welcome was cordial. Gov. Crane and Mayor Collins, acting for the state and city, extended the official courtesies to him and when the prince ceremoniously returned their calls he went to Cambridge to deliver the gifts of his brother, the emperor, to the Germanic museum and to receive from Harvard the honorary degree of doctor of laws.

Prince Henry's first act at the Harvard union shortly after he received the degree was to propose and lead three cheers for President Roosevelt, who is a Harvard alumnus. The prince received a cablegram from the emperor congratulating him on his newest honor.

Thursday night the prince was given a dinner by the city of Boston and sat at a table with more than 200 of the representative citizens of the commonwealth. He will resume his journey early Friday morning and he will visit Albany and the United States military academy at West Point en route to New York, which he will reach Friday evening. Bright sunlight favored the day and the streets were thronged. The special train which carried the prince was not delayed by flood or storm and made the time planned for it by the railroad men. It halted for a few moments at Springfield, but not at Worcester.

Boston was reached at 9:35 o'clock and as soon as the special halted in South station Mayor Collins and a delegation of city officials boarded the train and were introduced to the prince by Ambassador Von Holleben. There was an exchange of greetings, and the prince, his staff and the members of the American escort were shown to carriages waiting at the driveway of the depot. Escorted by cavalrymen and naval militiamen, the party was driven to Hotel Somerset.

The prince wore his naval uniform and acknowledged the greetings with his characteristic salute. When the carriage reached the common battery sounded a royal salute.

The heartiest part of Boston's formal welcome to Prince Henry was concentrated in the banquet at the Hotel Somerset Thursday evening. To the sentiments expressed there his royal highness made a formal response.

The special train of Prince Henry and suite left at 2 o'clock Friday morning for Albany over the Albany division of the New York Central railroad.

New York, March 8.—Prince Henry Friday completed his tour and is once more in New York, where he will remain until Monday, when he goes to Philadelphia. He was absent from the city for nine days, during which time his special train was within the territory of 13 states and logged a total distance of 4,358 miles. He was greatly pleased with his trip and, through his aide, Capt. Von Muller, issued a statement expressing his satisfaction at the opportunity which came to him, and his gratification at the cordiality with which he was received throughout the country.

His last day on the special train which carried him to the south, west and east rivalled in interest any of the others spent by the prince on the tour, for it began with a visit to Albany, included a run in bright sunlight down the west shore of the Hudson river and closed with a reception at the United States military academy at West Point.

He was received by the two houses of the legislature and returned his thanks to their presiding officers for the honor. He looked through the capitol and, returning under guard of cavalry, infantry and police to the Union station, left at 10:30 for West Point. West Point was reached at 2 o'clock and the prince was received with the military honor due his place in the naval service of his country. Col. Mills came to the station with a number of the officers of the academy and with a troop of cavalry drove him to the parade ground on the heights above. As the cavalry escort showed at the brow of the inclined road, Knox battery fired 21 guns. The cadets formed in six companies were at once marched on the field and the prince, with Col. Mills and their respective staffs, inspected them. Dress parade followed with the prince as reviewing officer.

At the close of the review the prince visited memorial hall, where the officers on duty at the academy were introduced to him. He greeted them all very warmly and complimented them on their work.

Leaving memorial hall the prince and his staff went to the riding school where the cadets gave an exhibition of riding. The jumping feats of Cadet Herr, of the first class, attracted the attention of the prince, and at his request Herr repeated a standing jump to the back of his horse in motion. The cadet landed safely on his feet and jumped off again without losing his balance. After the display of rough riding the prince was taken to

the gymnasium and a class of cadets went through their exercises for him.

The parting call of the prince was at the house of Col. Mills, whom he repeatedly congratulated and thanked. He was so much interested in the post that he prolonged his stay 20 minutes beyond the time set for his departure. Col. Mills was invited to ride on the special to New York, and rode with the prince to the station. As the carriage with cavalry escort left the grounds another salute of 21 guns was fired.

Prince Henry sent for George W. Boyd, assistant general passenger agent of the Pennsylvania railroad, who personally directed the railroad arrangements of the tour, and thanked him. He paid high compliments to American railroads and in conclusion asked Mr. Boyd to be his guest at luncheon on Tuesday next.

The prince had originally intended to return to the Hohenzollern, but the discovery of a case of scarlet fever in the crew changed his mind. He did not fear infection himself, but decided, in view of the fact that he is to meet a large number of persons during the four remaining days of his stay in the United States that it would be better to go to a hotel.

New York, March 10.—Prince Henry of Prussia was the central figure Sunday in another round of entertainment arranged in his honor. He first listened to a concert at the Waldorf-Astoria hotel, largely made up of his favorite American songs, the concert being arranged at his request. When that was over he drove to the University club to a luncheon which was not concluded until afternoon. In the evening he was a guest at dinner of Mr. and Mrs. Cornelius Vanderbilt, and met a large party made up of persons of social prominence. When the prince bade farewell to the company at the Vanderbilt home he went to the New York Yacht club for an informal reception, and the hour was late when he returned to the Waldorf-Astoria for the night. He found time, between the four main events on his programme for the day, to receive a delegation representing the Commercial club of St. Paul and several callers, and, to finally complete the arrangements for the last two days' stay in the country and his departure for home. He had intended to be present at the religious services on the imperial yacht Hohenzollern in the morning, but the case of scarlet fever which developed there several days ago altered that plan. Instead he remained at the hotel, arising late and breakfasting at his leisure. It was the Arion society, of Brooklyn, winner of the kaiser's prize at the singing festival in Brooklyn in 1900 that furnished the morning concert for the prince at the hotel.

It had been originally arranged that the singers should serenade the prince aboard the Hohenzollern Saturday, but in the change of the plan the serenade was abandoned. The prince met Dr. W. John Schilge, chairman of the music committee of the society, at dinner Saturday night and expressed regret that he was not to have a chance to hear the club sing. The doctor suggested that it might still take place at the hotel and the prince approved the idea. It was midnight, but a few hours remaining to arrange the affair. Telegrams and telephone messages were hurried out to the members and by 11 o'clock 150 of them had reported at the hotel.

The concert took place in the Astor gallery and began at 11:30. The prince sat in the center of the hall surrounded by the members of his suite, the American escort, Ambassador Von Holleben, Consul General Buentz and Consul Geissler. The chorus first sang "Pries Lied," and after that, at the request of the prince, an extended programme which included "Old Kentucky Home" and "Dixie." The concluding number was Kreuzer's "The Lord's Own Day," and it was rendered very effectively. The prince was delighted with the serenade and, after shaking hands with the officers of the society, addressed the members briefly in German.

WORTHLESS FISH.

A Unique Plan to Weed Them Out of Indiana Lakes.

Wabash, Ind., March 10.—Fish Commissioner Sweeney, of this state, will this month commence a war of extermination on the worthless fish in the myriad of lakes in this part of the state. Acting on the advice of the attorney general, Mr. Sweeney is having made a huge seine, 1,000 feet in length, and, with a large force of men, will systematically seine the Northern Indiana lakes. All the dogfish, gar, carp and turtles brought out in the seine will be destroyed, while the bass, pickerel, pike, perch and other food fish will be restored to the water.

It is claimed that the worthless fish in the lakes not only destroy the other fish, but consume the food, so that the game fish lack subsistence. Commissioner Sweeney will have the work done under his personal supervision. Within the last 20 years great pains were taken to stock the lakes and rivers with German carp, which have become an intolerable nuisance.

A FINANCIAL MEASURE.

New Bill Introduced in the House of Representatives.

It Is Thought the New Legislation Will Remove the Last Vestige of Doubt With Regard to Our Standard of Value.

Washington, March 10.—Chairman Fowler, of the house committee on banking and currency Monday will introduce an important financial measure framed by the republican members of the committee after conferences extending through the last two months. It brings together into one financial measure a number of propositions which have been urged separately heretofore.

Mr. Fowler explains the purpose of the bill as follows:

"The purposes of the bill are: To transfer from the government to the banks the responsibility of protecting the necessary gold reserve and the burden of furnishing gold for export, thereby saving our commerce from the destructive apprehensions growing out of raids upon the 'gold in the treasury,' which can now only be replenished by a tax imposed upon the people through the sale of bonds; to provide a currency always responsive and equal to the demands of trade everywhere, and to equalize and lower the average rate of interest in all parts of the United States; to secure for American enterprise and American capital the privileges and opportunities in engaging in international banking under national law and so lay a foundation upon which to build an American merchant marine; to remove the last vestige of doubt with regard to our standard of value.

"The measure provides for international banking and a division of banking and currency is established under a board of control instead of a single individual person of the controller of the currency, as heretofore. The board will consist of three members, whose terms of office are for 12 years so arranged that only one member will secede every four years.

"If the measure now introduced should become a law it is confidently believed that the national banks will assume the current redemption in gold coin of one hundred and thirty millions of United States notes. In consideration of the obligation assumed by the national banks they will have the right during the succeeding five years to issue gradually as business may require an amount of bank notes equal to 60 per centum of their paid up and unimpaired capital; provision being made also for an emergency circulation.

"As the notes are taken out for circulation the banks will deposit with the government a guarantee fund of five percent. of the amount of the notes so issued."

MISS STONE'S CAPTURE.

A Second Note Sent to the Porte By the United States Legation.

Constantinople, March 10.—The American legation here Sunday presented to the porte the second note referring to the capture of Miss Ellen M. Stone. In this note it is pointed out that as Miss Stone was captured, the ransom paid, and the prisoners delivered in Turkey, the brigands must be within the Turkish frontier and should therefore be captured.

The note denies that the authorities were ever required to lessen their vigilance on the frontier and asserts that only the movements of the troops in the interior were interfered with.

The first note presented to the porte by the United States legation at Constantinople in the matter of Miss Stone's capture by brigands demanded the punishment of the guilty parties. The porte, in replying, repudiated responsibility.

Hale, in a primary to be held March 22.

LONG OVERDUE VESSEL.

The Etruria, Disabled, Arrived at Horta, Azores, Sunday.

Horta, Azores, March 10.—The Etruria anchored here at 6 o'clock Sunday evening. All on board are well. She had a comparatively uneventful passage except for a breakdown which occurred during the dinner hour of February 26. When this occurred the Etruria had only just finished speaking by wireless telegraphy with the Cunard line steamship Umbria. After the accident was discovered the Etruria called the Umbria wirelessly for one hour, but without success. Upon examination it was found that the ship's propeller had broken off outside the tube and that the rudder had been carried away by the propeller. The Etruria then sent up rockets which were seen by the British steamer William Cliff. The latter bore down and was alongside in 50 minutes after the accident. She stood by until daylight, when, after several attempts she succeeded in passing a hawser aboard the Etruria. The tank steamer Ottawa arrived on the scene at this time. The William Cliff then attempted to tow the Etruria, while the Ottawa attempted to steer her. The hawser, however, snapped. The Ottawa stood by for two days and then left for Fayal, bearing the second officer of the Etruria to report the disaster and obtain assistance. In the meanwhile the crew of the Etruria had made every effort to rig a jury rudder. The first such rudder carried away immediately an attempt was made to use it. After further efforts lasting for two days a second jury rudder was successfully adjusted and is still in position.

The passengers of the Etruria were satisfied they were in no danger and they praise the conduct of the captain and crew of the vessel. After the accident the passengers amused themselves with the usual deck sports, and concerts were held in the first and second cabins. Only those who were anxious concerning business matters chafed at the unavoidable delay.

The Etruria will wait here for the arrival of the royal mail steamer Elbe, which left Southampton for Horta Saturday. The Elbe will carry the Etruria's passengers to England. The Etruria will then be towed home by the two tugs which are now on their way out from Liverpool for this purpose.

The affair is in the hands of the French and American ministers at Peking.

PROVINCE OF RIZAL.

The Insurgents There Have Been Dispersed.

Maj. Littleton, W. T. Waller and Lieut. John H. A. Day Will Be Court-Martialed For Executing Natives Without Trial.

Manila, March 10.—Lieut. Howland, of the 21st infantry, and aide on the staff of Gen. Wheaton, who was sent to report on the state of affairs in Rizal province, after the recent outbreak of activity there, reports that the insurgents have now been dispersed and that the soldiers and constabulary are closely pursuing them. There is but a small force of insurgents in the province and they are greatly over-officered. It is clear that the insurgents in Rizal province had no idea how quickly the troops and constabulary could concentrate and break their power. Complete harmony exists between the American soldiers and the native constabulary in this district and both have done excellent work during a short campaign.

The troops consisted of six officers and 230 men of the 5th cavalry. Col. James Forney, of the marine corps, will preside at the court-martial to try Maj. Littleton, W. T. Waller and Lieut. John H. A. Day, of the marine corps, March 17 next, on the charge of executing natives of the island of Samar without trial. The court-martial will be composed of army officers and officers of the marine corps. The charges specify that Maj. Waller and Lieut. Day killed three native stevedores on the streets of Bazy, Island of Samar, without trial. These stevedores were among those who accompanied the disastrous expedition of Maj. Waller and a detachment of marines to the interior of Samar last December.

It is claimed these stevedores mutilated and proceeded to the foothills, where they dug camotes (a variety of sweet potato) and that they later concealed and refused to turn them over to the Americans, saying that when the marines died of hunger they would have a good supply of arms and ammunition.

Sympathy is expressed for Maj. Waller, who at that time was suffering from mental and physical strain. Lieut. Day apparently obeyed Maj. Waller's orders.

According to the other boys, Hill had slipped out in the open, when Butson took deliberate aim and fired. Chief of Police Armstrong says he intends to take measures against those who are responsible for the boys having firearms.

Port Townsend, Wash., March 10.—The British steamship Oceania reports having encountered an immense ice floe about 200 miles off the Japanese coast abreast of the entrance to Tsugar strait. So extensively was the ice floe that the steamer was compelled to change her course and steam for several hours to avoid coming in collision with the ice.
